

What is Warm Home Prescription?

Run by Energy Systems Catapult, this service is designed to help people who are most at risk from cold homes and high energy bills. It offers tailored support to help you stay warm and well at home. So far, over 1,000 households have already benefited. This winter even more will be supported.

What support is available?

- Financial help with heating bills (up to £245 over the winter period)
- Expert, personalised energy advice
- Potential home improvements to keep your home warmer and lower your energy costs in the long term

Who delivers the service in your area?

To deliver Warm Home Prescription in your area, Energy Systems Catapult have partnered with SELCE — A charity helping households across Southeast London. SELCE provides free, impartial energy advice and practical support to help people stay warm, save money, and reduce their carbon footprint.
